

	<i>Electrician Job Description</i>  Western Potash Corp.	
	Issue Date:	August 24, 2022

## **Schedule - A**

---

**Position Title:** Electrician  
**Location:** Kronau, Saskatchewan, Canada  
**Reports To:** Maintenance Supervisor

---

### **Job Summary**

Western Potash is a potash mining company located in Regina, Saskatchewan, Canada. Our company is a wholly-owned subsidiary of Vancouver-based Western Resources Corp. which is publicly listed on the Toronto Stock Exchange. We are currently looking for an Electrician to join our team, and together develop the Milestone Project.

This role will have dual tasks, including electrical installation, repairs, and maintenance, and assisting operations as applicable.

### **General Accountability & Objectives:**

Reporting to the Maintenance Supervisor, the Electrician will be responsible, for the following tasks (and others as applicable):

- Support Western Potash HSSE policies and procedures
- Ensure compliance to all company policies, procedures, and guidelines, including all purchasing policies and procedures.
- Installation, maintenance, support, documentation, and testing of electrical systems to ensure operability, compliance with specifications, codes and WPC requirements
- Maintaining / troubleshoot and correcting issues with electrical and instrumentation systems etc.
- Act as liaison between WPC and SaskPower and any electrical sub-vendors as required.
- Assist in the operation and monitoring of the plant, including:
  - Complete minor mechanical repairs and piping adjustments, as necessary.
  - Monitoring and operating of process systems / obtaining production samples.
  - Respond to operating alarms and adjusting operating control panel.
  - Working on any site maintenance or upgrades.
  - Predicting maintenance issues and making corrections.
- Help to develop standard operating practices by using the available OEM information, the design/construction documentation, and your experience.
- Review, and when required prepare specifications for purchase of electrical and instrument and equipment.
- Other duties as assigned
